Subject: Request for geologic reports for exploration and mining plans

Please review the exploration and mining plans listed below as Nos. 1, 2, and 3, which have been mailed to you today under two separate covers and return them with your reports. Your reports for the No. 4 plans are also requested but, since our only copies of these voluminous plans are needed for frequent reference, we hope that you can arrange to review them here.

1. Kerr-McGee Corporation's exploration drilling plan for Navajo Tribal uranium leases No. N00-C-14-20-3894, -3895, and -3896.
2. The Anaconda Company's mining plan for Laguna Tribal uranium lease No. 4. P-9-2
3. Kerr-McGee Corporation's mining plan for its new Church Rock uranium mine on Navajo Tribal uranium leases No. 14-20-0603-9986, -9987, and -9992.
4. Mesa Resources Company's two plans for:
  - (a) A development coal mine.
  - (b) A development coal gasification plant.
